- Push the button for adjustment on the workpiece
- Fine adjustment for optimum adaptation to different sizes of workpieces and a comfortable handle width
- Self-locking on pipes and nuts: no slipping on the workpiece and low handforce required
- Gripping surfaces with special hardened teeth, teeth hardness approx. 61 HRC: high wear resistance and stable gripping
- Box-joint design for high stability due to double guide
- Reliable catching of the hinge bolt: no unintentional shifting
- Guard prevents operators' fingers being pinched
- Chrome vanadium electric steel, forged, multi stage oil-hardened

KNIPEX Cobra® - the Hightech Water Pump Pliers. No more time-consuming presetting of the required opening size. Just position the upper jaw to the workpiece, push button and move close the lower jaw, ingeniously simple.

Fine adjustment by pushing a button: fast and comfortable.

Fast and firm adjustment directly on the workpiece

Teeth set against the direction of rotation have a self-locking effect and prevent slipping on the workpiece.
